**Before investing you should carefully consider the Fund's investment objectives, risks, charges, and expenses. This and other information is in the prospectus. A copy may be obtained by visiting [www.paceretfs.com](http://www.paceretfs.com) or calling 1-877-337-0500. Please read the prospectus carefully before investing.**

An investment in the Funds is subject to investment risk, including the possible loss of principal. Pacer ETF shares may be bought and sold on an exchange through a brokerage account. Brokerage commissions and ETF expenses will reduce investment returns. There can be no assurance that an active trading market for ETF shares will be developed or maintained. The risks associated with these funds are detailed in the prospectus and could include factors such as concentration risk, equity market risk, fixed income risk, government obligations risk, high portfolio turnover risk, large and mid-capitalization investing risk, new fund risk, other investment companies risk, passive investment risk, tracking risk, trend lag risk, currency exchange rate risk, European investments risk, foreign securities risk, geographic concentration risk, non-diversification risk, sector risk, smaller companies risk, style risk and/or special risks of exchange traded funds.

**The S&P 500® Index** is a popular gauge of large-cap U.S. equities and includes 500 leading companies, capturing approximately 80% coverage of available market capitalization.

**The S&P MidCap 400® Index** is a benchmark for mid-sized companies, measuring the performance of mid-sized companies and reflecting the risk and return characteristics of this market segment.

**The NASDAQ-100® Index** includes approximately 100 of the largest non-financial securities listed on The NASDAQ® Stock Market based on market capitalization. The NASDAQ-100® Index comprises securities of companies across major industry groups, including computer, biotechnology, healthcare, telecommunications, and transportation. However, it does not contain securities of financial companies, including investment companies. The NASDAQ-100® Index was developed by NASDAQ OMX®.

**The FTSE Eurozone Index** is part of a range of indexes designed to help European investors benchmark their international investments. The index comprises large and mid cap stocks providing coverage of the Developed markets in the Euro zone. The Index is derived from the FTSE Global Equity Index Series (GEIS), which covers 98% of the world's investable market capitalisation.

**The FTSE Developed Large-Cap Index** is a market-capitalization weighted index representing the performance of large-cap stocks in developed markets.

**Russell 1000 Index** is a market-capitalization weighted index representing the top 1000 large-cap stocks in the Russell 3000 Index.

**FTSE Developed ex-US Index** Comprised of Large (85%)-and Mid (15%)-Cap stocks providing coverage of Developed Markets (24 countries) excluding the US. The index is derived from the FTSE Global Equity Index Series (GEIS), which covers 98% of the world's investable market capitalization.

**S&P SmallCap 600® Index** measures the performance of 600 small sized companies in the US equity market, with market capitalization ranging from \$450 million to \$2.1 billion USD. The index does not overlap holdings with the S&P 500® or S&P MidCap 400®.
